Invitation Summer-Gathering

**“World Spirit Youth Council” (WSYC) European Hub
The spiritual movement for young people from Europe
Center of Unity - Schweibenalp, Brienz, Switzerland, 1. - 8. August 2010**

Vision

Worldwide, people from all cultures and religions stand up and create a power, which makes this world more peaceful, fair-minded and more honest. We, as the young generation, want to share this power: “Be the change now!”

We want to live in a community for 8 days, where we will explore new perspectives, discuss, create, laugh and sing. All of this program is held in an area surrounded by the beautiful Swiss mountains, which will give us peace, power and inspiration.

Program

There will be many different activities such as discussion rounds, workshops, lectures, group-meditations and the possibility to exchange our individual ideas and talents. These activities help us to realize our vision.

In the evenings we will have bonfires, hikes, sauna, dance, singing and many exciting activities.

The communication will be in English. Translation is available into German, if needed.

Costs

CHF 390.- (265€ ; 380\$; 234 £) per person
Included in the price are 3 Meals/day, 7 days of accommodation in your own tent and the workshops.

(It is possible to have a reduction of the price for participators from lower-income countries. Please contact us.)

We

WSYC is a worldwide movement, which has made its mission to create a space in which young people are able to discover, express and experience their spirituality.

This idea was created by the U.N. accredited organization “Children of the Earth”, and has attracted young people from all over the world. We, the European group, are a growing community that meets regularly, lives their vision, and organizes events like this one.

We are looking forward to your attendance!

If you are interested and want further information, contact us at: swiss.spirityouth@gmail.com

Application form and detailed information will be sent to you and posted online in March 2010.
